## TDN Provides 3D Technology without Glasses

- High Definition commercial grade monitor, fit with a specialty engineered 3D lenticular lens that is precisely aligned to each pixel creating POP off the screen and true depth for the viewer.
- Display “wears the glasses” so the viewer doesn’t have this discomfort.
- Engage your customer eyes; capture their attention to deliver your message like no other medium.

- Promote your Brand, Merchandise, Games, Loyalty Cards, Restaurants, Sweepstakes, Events and Shows in dazzling 3-D without the need for glasses.
- Promote liquor brands in your bars and restaurants and generate advertising revenue from your beverage suppliers. Use the 3D screens as revenue producers for local businesses, such as car dealerships, restaurant chains and professional services.
- TDN is your one stop shopping for both 3D screens and content creation. We can tailor an ad campaign targeted at your customers at the point of sale.
- 19 - 55 inch monitors, they are networkable and manageable from your desktop.
